NEW SEATING SPONSORSHIP

I/we want to support the new seating initiative for the Orcas Center Main Stage area by sponsoring one or more new seats!

By sponsoring a seat at the **\$450/seat** level, I understand that one or more seats will be personalized with an inscription on a brass plaque affixed to the arm of the seat, reflecting the name of the sponsor, per my request, which can consist of either the name of the sponsor(s), a dedication, or the name of a business. The plaque engraving is limited to two lines of not more than 16 characters each.

(More information regarding personalization will be made available when we have selected an engraver for the seat identification plates.)

At the sponsorship level of **\$500/seat**, the sponsor may designate the personalization for any specific seat that has not already been selected by another sponsor. *(see map)*

I understand that this sponsorship will be recognized by the plaques only, and will not confer any special seating privileges, as performance seating is, as always, on a first come; first served basis.
